Summary

Product Designer with over 3 years of experience specializing in B2B and Fintech solutions. Proven track record of leading design for 0→1 products, from concept through launch, delivering user-centered solutions that align with business goals.

Work Experience

Stealth Monitoring, Web Designer   June 2021 – December 2024
Toronto, ON

- Designed and launched over 25 client-facing websites within 8 months using HTML and CSS, consistently meeting client requirements and increasing overall website turnover time.
- Delivered 100+ map designs using Adobe Photoshop for Stealth's international monitoring team of 50+ operators, successfully deterring 50,000+ crimes per year.
- Expanded and maintained a design system of 100+ components, collaborating horizontally across cross-functional teams to enhance map quality, create reusable components and establish design patterns that drive consistency.

Canadian Imperial Bank of Commerce (CIBC), UI Engineer   January 2018 – August 2018
Toronto, ON

- Led design of an internal dashboard to visualize CIBC's facial recognition dataset, comprising over 10,000 images, improving the bank's branch customer experience.
